

INVESTING IN A BRIGHTER FUTURE

Corporate Social Responsibility is increasingly important for businesses in today's interconnected world. Employees, customers, and clients want to work with and support companies that share their values and show how they give back to communities.

By partnering with SeeBeyondBorders, you can demonstrate your commitment to social responsibility and make a real difference in improving the quality of education for children in Cambodia. Over the past 13 years, we have transformed primary education in parts of rural Cambodia by training and mentoring over 652 teachers. This has improved test scores and life prospects for 27,000 children. UNESCO and the Cambodian Ministry of Education have recognised the impact of our work.

Investing in SeeBeyondBorders is a proven way to improve education in Cambodia and contribute to the UN Sustainable Development Goals. Your support will help us to upskill more teachers and provide them with quality teaching resources. This will directly impact the lives of thousands of children, allowing them to learn and reach their full potential.

We believe that every child deserves the chance to learn. Will you help us make a difference?

OUR FOCUS AREAS

Quality Education

Establish Communities of Practice Learning Centres to empower teachers and school leaders to drive the sustainable improvement of school teaching and learning.

Technology

Enhance education and improve the learning outcomes of children by providing vital teaching resources to teachers coupled with cutting-edge educational technology.

Systemic Change

Work within the existing education system to improve education, increase local ownership and ensure that change is sustainable and scalable.

WHY PARTNER WITH US?

SeeBeyondBorders can help you achieve your Corporate Social Responsibility goals and make a positive impact on the world. Here are some of the unique benefits of partnering with SeeBeyondBorders:

- **Dedicated and experienced account manager:** You'll have a single point of contact to develop a meaningful partnership that reinforces your profile as a responsible business.
- **Engaged social media following:** We'll help you generate positive social media about the impact of our partnership through social media channels.
- **Visible impact on improving education in Cambodia:** Our interventions have proven to lift children's test scores by 40% on average, so you'll receive regular good news stories to inspire employees and clients.
- **Supporting the Sustainable Development Goals:** Be able to make a real difference in the lives of Cambodians and demonstrate your commitment to global citizenship.

At SeeBeyondBorders, we look forward to being your partner of choice as you pursue your Corporate Social Responsibility goals and make a positive impact on the world.
